

MQS-2: JANUS

PREREQUISITES: MQA-11

REQUIRED READING: None

PURPOSE: Familiarize new ALO with JANUS procedures and limitations.

Introduction

During this simulator period, the new ALO will observe the following as a minimum:

- ☐ Division OPORD
 - ☐ Where to Get a Copy
 - ☐ Where Useful Information for ALO's is Found
- ☐ Mission Analysis
 - ☐ Specified and Implied Tasks
 - ☐ Commander's Guidance for CAS
- ☐ Course of Action Development
 - ☐ Engagement Area Development
 - ☐ ETAC Placement
 - ☐ ACA Development
- ☐ Wargaming
 - ☐ Refine Engagement Area's
 - ☐ Refine ETAC Placement (Unless with Bn)
 - ☐ Re-supply
 - ☐ Ingress / Egress Routes
 - ☐ Force Protection
 - ☐ Determine DD Form 172 information
 - ☐ Fill out CAS Annex
- ☐ Orders Production
 - ☐ Give CAS Annex to S3 Planners
 - ☐ Give DD Form 172 information to S3 Air
- ☐ RS&O Rehearsal (Not Required if ETACs Stay With Their Bn)
 - ☐ Make Sure of ETACs Re-supply/Ingress/Egress/Force Protection
 - ☐ Determine LD Times and Locations
- ☐ FS Rehearsals / Rock Drills / FM Rehearsals
 - ☐ What Information is Required During the Briefs
 - ☐ Briefing Techniques
- ☐ Mission Execution

Conclusion

All items above must be covered for the simulator to be complete. Realize that these items are a minimum and it is recommended to cover more material pertinent to ALO duties. If an item is missed, it must be covered in another simulator. Briefing the new ALO on the subject without the new ALO having hands on training with the Army is not acceptable.
